NEWS RELEASE

ARKYS SRL JOINS PEARSON VUE NETWORK TO OFFER ACCESSIBLE AND SECURE CERTIFICATION TESTING

<CAGLIARI, ITALY – 22th April 2016> - Arkys SRL has signed an agreement with Pearson VUE, the computer-based testing (CBT) business of Pearson, to test candidates pursuing key industry certifications from leading IT programmes, such as Cisco, CompTIA, EMC, HP, LPI, Oracle and VMware.

Pearson VUE believes testing and certification is at the heart of the learning experience, and Arkys Srl will play its part by offering accessible and secure testing to candidates.

Pearson VUE's advanced system administers exams on behalf of hundreds of businesses, boards and organisations around the globe through the world's largest most secure test centre network. The system enables candidates to register and reschedule their tests online or through a Pearson VUE call centre.

"We're very excited about our new partnership with Pearson VUE, said Massimo Murgia, Arkys's CEO "The Pearson VUE Testing System is the most powerful available and gives us unparalleled control and flexibility over our ability to manage our business our way and the agreement means we can easily offer same-day testing, or bring testing to our customers' locations. We're pleased to partner with a company whose industry status, technology and passion for excellence will allow us to provide even greater service for our customers."

The list of certification tests available from test sponsors through the Pearson VUE system is continually growing. Test results are quickly transmitted back, ensuring the candidate's certification status is promptly updated.

Ray Murray, Vice President - Business Development, Pearson VUE said, *"We are proud to welcome Arkys Srl to the rapidly growing global network of Pearson VUE Authorised Test Centres. Together, we are providing even more candidates with the opportunity to obtain meaningful certifications and advance their careers."*

Pearson VUE delivery of exams has continued to increase rapidly in recent years, with the company delivering 10 million exams in 2011.
